## **Homes in Sedgemoor launch new friendly website – so come on in!**

Homes in Sedgemoor have launched their new and redesigned website today - <http://www.homesinsedgemoor.org/> . It has been designed with their customers in mind, making it inviting, visually appealing, easy to navigate and enjoyable to use.

The new website is part of the organisation's ongoing commitment to improve the quality and availability of information to its customers, stakeholders and partners. The website is divided into six sections: Homepage, Payments, Repairs, Homes, About Us and News. The layout is clear and easy to understand. It also links to their social media pages on Facebook and Twitter.

Jen Barfoot, Managing Director, said, "Our new website is much easier to use for our customers and for us. We will build on it so that our customers can use it to contact us easily and quickly. This will help us to continue to improve our service – something we are always keen to do."
