

Quantock Resilience Project

Livestock Event

Wednesday 25th January 2017

7pm — 9pm

At The Windmill Inn, West Quantoxhead, Williton, TA4 4DS

Guest Speaker

Sally Wilson, Partner, Evolution Farm Vets

An evening talk to explore developing animal health issues. We will look at the managing respiratory conditions when housing stock for extended periods and managing against liver fluke in wet conditions. The increasing threats from disease spread by insects and the control of internal parasite.

The talk will be followed by choice of hot food, provided

Quantock Resilience Project

Farm Woodlands Event

Tuesday, 7th February 2017

10.00am—1.00pm

At Combe Wood, Combe Florey, Taunton, TA4 3JF

By kind permission of Mr Nick Darlow

Speaker - Adam Lockyear, Senior Farm Conservation Advisor

The future of farm woodlands relies on effective management.

This event will focus on the practicalities of managing farm woodlands, highlighting their potential value and how they can be made profitable again. There will be demonstrations on the use of small scale wood extraction and processing machinery as well as potential commercial outlets.
